FURNITURE MERCHANTS ARE EXCLUDED

Yes, this is the Ostermoor Mattress you have heard of and seen advertised so many years. The one that's built of eight interlacing Ostermoor sheets, which after being hand-laid and sewed within the tick is ready for you to sleep on for the rest of your life and then bequeath to your heirs. There is one record of three generations sleeping on the same Ostermoor. It has been in satisfactory use for fifty-two years and that is a pretty good record for durability—isn't it?

Come in and let us show you the Ostermoor

and explain why it is proof against dust, moisture, and vermin and never needs any renovation but a sun bath. Our stock will enable you to examine and test before you buy.
